

# Lean Manufacturing Operative — Level 2 eLearning programme

[aptem.co.uk/elearning](https://aptem.co.uk/elearning)

## Lean Manufacturing Operative — Level 2 eLearning programme

**Overview of the role:** Carrying out manufacturing activities on multiple products with different specifications consecutively.

**Occupational Profile:** A Lean Manufacturing Operative will be expected to carry out their work safely and meet the exacting quality standards demanded in a fast paced and efficient processing environment and develop into a multi-skilled operator through process ownership. A lean manufacturing operative can be required to carry out manufacturing activities on multiple products with different specifications consecutively e.g. automotive manufacturing

- Multi models manufacturing results in the manufacturing of different models of vehicle with different specification variants within a high volume environment.

They will be required to prepare, control, contribute to and complete manufacturing operations, and follow manufacturing processes and standard operating procedures (SOPs) whilst adhering to specific safe working policies and procedures.

In partnership with:

LearnBOX

**Aptem eLearning Lean Manufacturing Operative — Level 2 provides an end-to-end solution for training providers looking to benefit from the efficiencies gained through electronic learning and assessment.**

Enjoy high quality blended learning mapped to the Standard and fully integrated and ready to deliver from within Aptem.

Aptem eLearning is mapped directly to the Skills, Knowledge and Behaviours (SKBs) of each apprenticeship Standard and is designed to support the 'On Programme Study' element of the apprenticeship journey, which contains:

1

### **eLearning**

The learner completes each eLearning module, which provides a targeted learning piece against prescribed apprenticeship criteria.

2

### **Online Assessment**

Once eLearning is complete, learners complete online assessments designed to showcase knowledge retention and application.

3

### **Learning Journey Portfolio**

Once both elements are complete learners are able to showcase learning and assessment against prescribed SKBs and use this as part of their end-point assessment.

### Aptem eLearning enables:

- ✓ learners to progress with their developmental journey through their apprenticeship.
- ✓ trainers/assessors to provide structured programmes of learning and development.
- ✓ quality assurance teams to monitor development and progress against prescribed objectives.
- ✓ training managers to provide consistent, well-resourced training to clients.
- ✓ employers to provide effective staff development.

### Aptem eLearning Lean Manufacturing Operative — Level 2 programme contains the following 17 modules:

- 1 Health and Safety
- 2 Lean Manufacturing Operations
- 3 Quality Control
- 4 Problem Solving
- 5 Continuous Improvement
- 6 Communication
- 7 Workplace Organisation
- 8 Environmental
- 9 Individual Rights and Responsibilities
- 10 Prepare for Manufacturing Operations
- 11 Concluding Manufacturing Operations
- 12 Receiving and Checking Incoming Materials
- 13 Manufacturing Products
- 14 Analyse Inspection Results
- 15 Inspection and Testing Activities
- 16 Recording and Reporting Inspection Results
- 17 Producing Products
